WE CAN WE WILL

Cerebral Palsy Association of India, is a 50+ year old NGO which dedicates its efforts towards providing optimal care and seek rehabilitation of individuals afflicted with Cerebral Palsy, Mentally handicap or persons with similar neurological disabilities. Padma Bhushan recipient Late Dr. N.H. Wadia founded the organization and played a pivotal role in garnering support for the cause.

Around the world, persons with disabilities face physical, social, economic and attitudinal barriers that exclude them from participating fully and effectively as equal members of society. They are disproportionately represented among the world's poorest, and lack equal access to basic resources, such as education, employment, healthcare and social and legal support systems. In spite of this situation, disability has remained largely invisible and precious little has been done to elevate this particular section of society and even more so in India. We have pledged to provide an engaged and secure life for adults afflicted with multiple handicapped. Our motto is to nurture inclusivity by three pronged ACT approach – Appeal, Communicate & Take Action.

You may be aware that our centre has been closed due to the Covid Lockdown since 15 March 2020, but our spirit, zeal and continuous efforts to do the best we can in this situation has not. We wish to keep you updated on the activities that have been carried out during the last 15 weeks:

- ❖ CPAI together with other Special schools carried out an Inter School Online Art/Painting Competition for Special Students in the month of April 2020 on the topic 'Safety and Hope'. The date of submission was 10th May and Results were declared on 30th May. Many students participated together with help and encouragement from their families. Awards for the best Art/Painting will be distributed once schools reopen. Here are some of the award winning paintings and themes.

WE CAN WE WILL

Award Winning Paintings

We congratulate all school children, teachers, parents and principals for having participated with such enthusiasm. We applaud the stupendous efforts put in by the special children and their parents.

- ❖ Our teachers have been talking and counseling our students regularly. They have involved the parents to get their child suitably involved in being engaged in the various indoor household activities keeping their minds active.

WE CAN WE WILL

Children busy with activities at home during lockdown

We appreciate all the parents for encouraging the special talent within each one of the kids, for creating new activities. We are thankful to all parents for participating in the online curriculum activities.

- ❖ We have provided "Ration Kits" and other hygiene essentials to the underprivileged families of our students, cancer patients, **transgender** and to the self-employed persons (like auto rickshaw drivers, plumbers, electricians, maids etc) who have been without income due to COVID 19.

We have distributed ration kits every month from April 2020 to Aug. 2020, in the crucial time of epidemic.

WE CAN WE WILL

Ration kit distribution on 26th Aug. 2020. We are distributed 400 kits

We have provided "Ration Kits" and other hygiene essentials to the underprivileged families of our students and to the needy persons. Who were suffering in terms of financial crises due to worldwide pandemic. At Bhopal and Lucknow center, we provided job opportunity for underprivileged women and PDA's young girls by providing them mask and Potli stitching work. With this stitching work they earned sufficient amount which was truly helpful for them and their families.

At Bhopal center

At Lucknow center

Cerebral Palsy Association of India expresses its gratitude to all our regular supporters. Your monetary assistance and donations have helped us to do our best for the under privileged and the needy during these difficult and turbulent times. Your continuous support will help us make the lives of the less fortunate a little more easier in the times ahead.

Thanking you for your continuous support.

Manjusha Singh
